CASE MANAGEMENT AND INVOICING

CASE MANAGEMENT

- ▶▶ Manage your deadlines
- ▶▶ Centralize your data
- ▶▶ Link your mail box on your virtual machine
- ▶▶ Automate your file processing actions

DASHBOARD

- ▶▶ Assess profitability of each file
- ▶▶ Generate statistics for each of your clients/coworkers
- ▶▶ See prepayments from clients and amounts allocated to work in progress
- ▶▶ Check consolidated amount invoiced and remaining to invoice

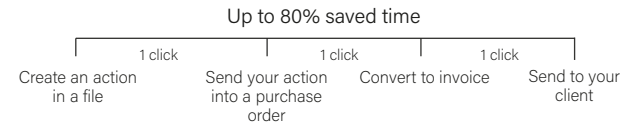

DEADLINES FOLLOW UP

- ▶▶ Create one-off/recurring, official/non-official deadlines
- ▶▶ Filter deadlines to prioritize your actions
- ▶▶ Customize your deadlines
- ▶▶ Centralize all the created deadlines

INTEGRATED INVOICING

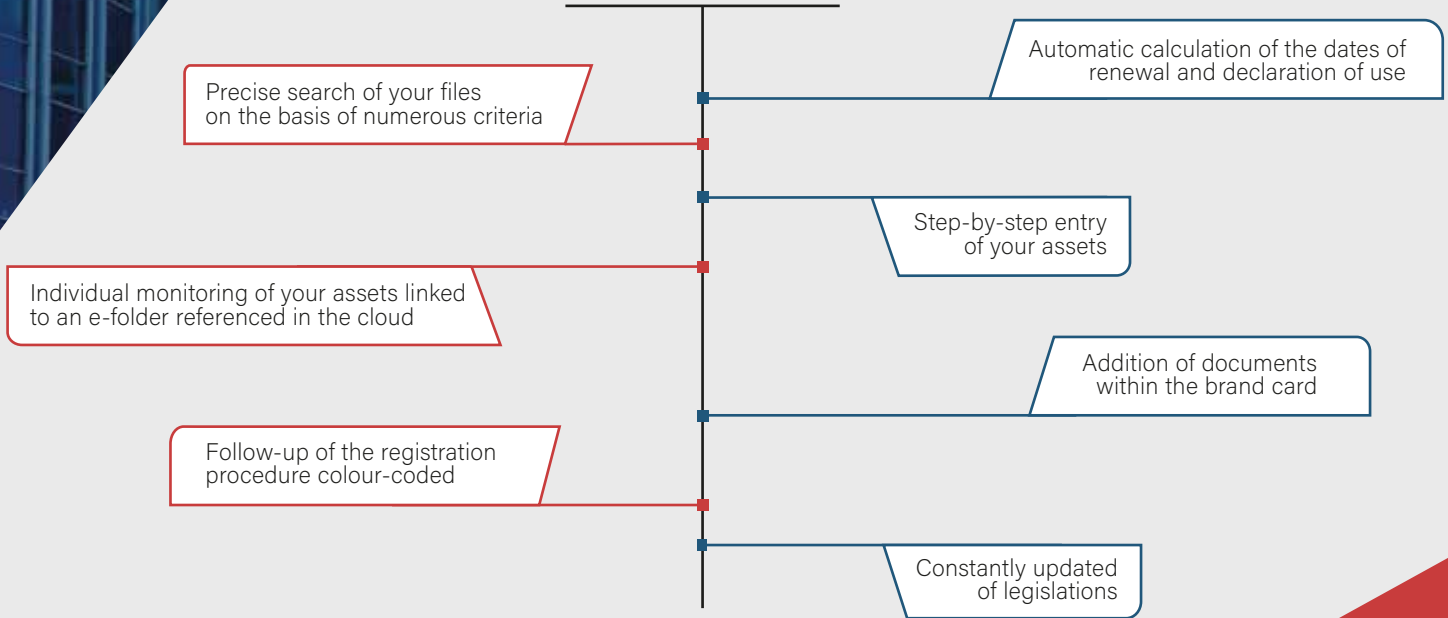

- ▶▶ Predict on-going billing
- ▶▶ Associate one invoicing profile for each client
- ▶▶ Track payments according to status
- ▶▶ Send invoices directly from the system
- ▶▶ Merge multiple files into a single invoice

IPzen invoicing solution will help to reduce the time allocated to invoicing, promote timely payments and leave more time for enhancing customer relations
